**MISSION TRIP GUIDE 2022**

## MINISTRY & CAMPUS INFORMATION

Thank you for your interest in joining in on the groundwork taking place through BBB. Please take the time to carefully read through so that you are fully informed of the expectations and equipped to join us and have a pleasant, successful experience. You can also visit [www.bbbministriesofuganda.com](http://www.bbbministriesofuganda.com) and read our ABOUT page for more detailed information on projects and specific ministry areas.

More than anything, our hope is for every single volunteer that comes through to encounter God in powerful ways. We ask that you come with an open heart and mind and the right intentions to serve and allow God to use you as He sees fit. Because this is a mission trip, we ask that you mindfully prepare yourself spiritually through prayer and fasting before you begin your experience.

## INDIVIDUAL/TEAM LEADERS

Teams are expected to have a Team Leader who facilitates and plans specifics ahead of time. Team Leaders are responsible for the ENTIRE team while on the ground.

If you are serving individually, you will be expected to join in with other teams that are present while you serve and participate alongside them.

- 8 PM-10 PM is Team Time, but it must be quiet after 8 PM as the kids will be sleeping.
- 10 PM is the night curfew, by which lights are out and every single person is in bed.
- On Sundays, we have fellowship at Calvary Church from 11am-1pm, and then head out to lunch afterwards.

## HOUSE RULES

- NO food, shoes, or drinks allowed in Common Areas, Bedrooms, Restrooms, or Showers (except water). Food and drinks are to be consumed in Dining Area or Kitchen.
- 7AM-7PM is our time to be outside the home, whether working in activities/projects, going to town, etc. It's very dark and not safe at other times.
- Electricity is on Solar Panels, so if you're not using an outlet, please turn it off. Please bring a converter/transformer with you as our voltage is 220V.
- Water: our water is turned off a few times a week, so we need to be conscious when it happens and not be too wasteful. We do have solar water heaters, so on sunny days, there will be hot water.
- GIRLS: Please keep your hair in a ponytail or bun around eating areas. Please don't leave loose hair anywhere including bedrooms, bathrooms, and/or showers.
- If you break something, you must pay for it.
- We have SUFFICIENT mosquito and sunblock spray on hand, no need to bring any.

## BUNKING & BATHROOMS

Team members will stay on our campus in a mission guest house. Team members will be separated by gender into separate rooms, each with twin bunk beds. You may want to bring earplugs if you are a light sleeper. Bathrooms have cold running water and showers have hot running water (on sunny days as they are heated by the sun), and bedrooms have bedding and pillows. We also have clean towels for everyone. We also have washing machines for Laundry, outdoor hanging for drying. The lighter clothing, the better for faster drying.
